METAL BATTEN SIDING SYSTEM

Metal Batten from Metal Exteriors is where technology, modern trends, and tradition intersect. It's designed for durability without hassle. Our team selects high-quality materials and ensures easy installation, so every project is complete with long-lasting style and performance. Choose Metal Exteriors' Metal Batten for a beautiful and hardworking siding option that outlasts a mortgage.

TIMELESS IS ON TREND

Metal Batten offers sleek seamless design and combines it with galvalume steel to deliver optimal style and performance. It also blends seamlessly on a wide range of projects. From modern black options to traditional red barn applications or even to bright white modern farmhouse. And with Metal Exteriors' custom lengths and color options you can make this a signature project you won't ever tire of looking at.
